Back to Our Roots
 5pm PT/6MT/7CT/8 ET

In the early days of LRC, we used to gather and share stories about our best practices for being faithful stewards of Creation. We're going back to our roots and having multiple network members share their innovative ideas. Bring your ideas as well!

New resource: Faith + Climate Film Series!

Our partners at BlessedTomorrow have blessed us with the Faith + Climate Film Series. Featuring 4 ELCA leaders and other multifaith leaders, it can equip your congregation, small group, or youth program for meaningful action.

Each short film is paired with a FREE discussion toolkit with scripture, prayer, and practical steps to help you lead conversations, build community, and move your faith community toward collective climate solutions. Watch the series, plan a screening, and take faithful action together.

A Decade of Climate Justice!

Let's pass this resolution!

Pass this resolution to secure funding, staffing and programming for Climate Justice in the ELCA!

Do you want funding, staff and programs for Climate Justice in the ELCA?

We do, too! 18 synods are sending forward a resolution to join the World Council of Churches Decade of Climate Justice. 9 synods have approved a version of the resolution already!

During synod assembly season, we encourage you to check out what we're promoting... and hustle to get it to your own assembly if you can!

- ✓ GLOBAL SOLIDARITY & THE COMMON GOOD

COVENANT
FOR OUR FUTURE

Covenant For Our Future

In this moment of converging crises, [Covenant For Our Future](#) is a rising, national, multi-faith campaign to confront this moment with moral clarity and collective action. We are calling for the repeal of HR. 1 (known as the One Big Beautiful Bill Act) and renewal of the Federal government's commitment to justice, especially climate justice.
